1.01   SECTION INCLUDES

   A.   Summary of the Work

   B.   Safety

   C.   General Requirements

1.02   SUMMARY OF THE WORK

   A.   This project consists of the installation of sidewalk along North 1st Street between Thomas Street and Highway 31A. This includes demolition, the installation of approximately 8,000 square feet of sidewalks, 1,000 linear feet of post curb, handicap ramps, landscape areas, and all related appurtenances and materials.

1.03   PROJECT TIME

   A.   Final completion for this project is set at 180 calendar days after the date the Contract Time commences.

1.04   GENERAL REQUIREMENTS

   A.   Smoking and Fire Precautions: No smoking, fire, or use of any fire or explosion producing tools or equipment shall be permitted on the premises or at any locations where such may endanger said premises or the current operations thereon.

   B.   Approved Chemicals: All chemicals used during project construction or furnished for project operation, whether herbicide, pesticide, disinfectant, polymer, reactant, or of other classification, must show approval of either EPA or USDA. The use of all such chemicals and the disposal of residues shall be in strict conformance with instructions.

   C.   Drawings of Record: Provide a complete, up-to-date record set of prints, which shall be corrected daily to show every change, and the approved shop drawings. Keep this set of prints at the job site and use only as a record set. Turn the set over to the Engineer upon completion of the project. These drawings shall be clean reproducible quality, and shall indicate the location of all appurtenances, and shall include dimensions to each appurtenance.   The Engineer shall supply the Contractor at the beginning of the project a set of construction drawings, which may be used for modification to create as-built documents. The drawings shall be

delivered to the Engineer and verified before submittal to the Owner. Final payment will not be released until as-built drawings are provided.
